

Doors of Doirani room

Elze Lauzikaite

Lithuania

- North-East Europe
- Baltic Sea
- 3 million people
- The country of lakes

Greece

Lake Doirani

- On the border
- 2/3 open water – FYROM
- 2/3 catchment area - Greece
- 39.9 km²

Why did we go there?

- In 20 years lost **6-7 meters** of depth
- Shore receded by **300 meters**

How did it happen?

- Intensive agriculture
- Illegal bores around the lake
- Limited number of inflowing rivers

- Drop in the water levels
- Biodiversity decline

Why lake Doirani?

Natura 2000 Birds Directive (SPA)

What did we want to achieve?

- Awareness and knowledge
- Responsibility from both sides
- Global care of nature

Ecological workshops

Short movies & website
